

## **Invitation: Seminar on ICT Innovations in Schools**

To scale-up ICT Innovations right from schools, the School of Computing and Informatics (SCI) will be hosting a National Seminar on ICT Innovations for Schools.

The signature event themed **“Embracing Technology and Innovations”** will be held at Kenya Science Campus from June 25-26, 2015 from at 9.00 a.m.

The seminar will bring together senior policymakers from Ministry of Education, Ministry of ICT; Senior University Management; Heads of Schools, TSC, KICD, ICT Champions, Computer Teachers, and innovations from University and Industry.

Some of the scheduled activities during this event include policy discussions on ICT implementation, showcasing innovations, and sharing of strategies for transforming innovations into products that have impact on social and economic development.
