

November 2016

H.E. Liu Xianfa, Chinese Ambassador to Kenya

The Chinese Ambassador to Kenya, H.E. Liu Xianfa was at the University of Nairobi to present Scholarships to students on November 14, 2016.

The Chinese Embassy through the Chinese Ambassador Scholarship Programme has awarded 20 scholarships to bright but needy University of Nairobi students.

The Ambassador congratulated the recipients and challenged them to be the hope and future of Kenya, Africa and the China-Kenya relations.

He noted that the scholarship programme was set up to encourage excellent students from needy families not to give up due to financial constraints but to strive for success. Since its establishment in 2014, 58 UoN students have benefitted from the programme.

The students, drawn from various disciplines were identified as genuine needy students selected after due verification of family backgrounds to ascertain their neediness by the Special Students Advisor, Prof. Godfrey Muriuki.
