

2ND ANNUAL INTERNATIONAL CONFERENCE OF PROJECT
MANAGEMENT 12TH -14TH OCTOBER 2020.

“Risk Management and Sustainability of development projects: The
Missing Link and Lessons from COVID19 Pandemic”

BY: C.A. OBONDI (MRS), PhD, DEPUTY DIRECTOR,

PROBATION & AFTERCARE SERVICE

STATE DEPARTMENT FOR CORRECTIONAL SERVICES

PRESENTATION OUTLINE

- ❖ **Fundamental concerns of
SDG's & Risk Management**
- ❖ **Link between PPM &
SDG's**
- ❖ **Lessons from COVID-19**
- ❖ **Way forward**

Fundamental concerns of SDG's & Risk Management

- ❖ Common growth
- ❖ Social inclusion
- ❖ Environmental protection
- ❖ Project complexity

Link between PPM and SDG's

- ❖ Role of scientific community
- ❖ Planning , design and development
- ❖ Challenge of implementation
- ❖ The human factor

Challenges in implementation of SDG's from PPM perspective

- ❖ Planning and design; top-down approach
- ❖ Risk management
- ❖ Gap between scientific knowledge and decision making
- ❖ Implementation and project environment
- ❖ Transparency about project status: documentation, communication
- ❖ Managing project disturbances: change management

Lessons learnt from COVID -19

- ❖ Integration of health concerns in project design
- ❖ Communication-Narratives
- ❖ The human factor & behavior change
- ❖ Inter-disciplinary approach
- ❖ Development & implementation policy

MISSING LINK

- ❖ Narratives and counter narratives
- ❖ Motivation for behavior change
- ❖ Integration: health/spirituality/
science

WAYFORWARD: PPM FOR SDG's

- ❖ Integration of PPM principles in SDG'S
- ❖ Sustainability & Iterations
- ❖ Explore on-line networks

Thank You
